Getting a Step Ahead

Are you a high school junior or senior who wants to get several college credits before leaving high school? Get a step ahead by participating in the North Montco Technical Career Center (NMTCC) dual-enrollment program.

What is Dual Enrollment?

The Dual Enrollment program is a special dual credit program designed for NMTCC students who want an enriching early college experience. This program allows students to take college-level courses that fulfill both high school and college graduation requirements.

Advantages of Dual Enrollment

- Accelerates a student's college career and provides quality educational experience close to home
- Allows qualified students the ability to earn college credit and high school credit at the same time
- Provides quality, college-level instruction at North Montco Technical Career Center during regular school hours
- Prepares students for immediate career opportunities, admission to the partnering school and transferable credits to other colleges on a parallel course-for-course basis
- Enables student to receive reduced tuition cost per credit

How do I apply for admission?

- In order to participate in a dual-enrollment program, students must meet all NMTCC entrance requirements.
- Students may pick up an early admissions application from a NMTCC guidance counselor.
- Students must return the completed application to a NMTCC guidance counselor.

How do I register?

- Students may register at NMTCC by completing a *dual enrollment credit course registration form* which is available through the NMTCC Guidance Department.
- Students must complete the participating college's online application.

What courses are available for dual enrollment credit?

Through Montgomery County Community College

- Automotive Technology
- Biotechnology
- Culinary Arts Technology
- Health Occupations Technology
- German Language

Through Bucks County Community College

- Automotive Technology
- Precision Machining Technology
- Welding Technology

Through Reading Area Community College

- Robotics (Mechatronics) and Engineering

Note: Please contact the NMTCC guidance department for additional credits that may be available.

To earn dual enrollment credits, in addition to the course work requirements, students must:

- Earn a grade of 70 or higher for the NMTCC course that corresponds to the dual enrollment college course (Under NMTCC school code, a student can pass the high school course with a grade of 60; however, college credits will not be granted.)
- Have no more than four absences during the marking period when the courses are offered
- Pass the mid-term and final exams
- Receive no discipline infractions
- Purchase course textbook and supplies when applicable
- Pass written and competency based exams and end of program exam
- Refer to the NMTCC Dual Enrollment Directory for specific grades and additional requirements for each post-secondary institution. This directory is available through the NMTCC Guidance Department.

For additional information and details, please contact the NMTCC Guidance Department at 215-368-1177.
